

Lac la Biche Herald

Vol. 6, No. 31

EDMONTON, ALBERTA, TUESDAY, JULY 28, 1953

WOODWARD'S "Coronation Coach," complete with liveried attendants, drew rounds of applause from the 150,000 enthusiastic onlookers who lined the route of the Edmonton Exhibition parade. The coach, built by Woodward's display staff, varies only slightly from the true dimensions of the resplendent state coach in which Queen Elizabeth and Prince Philip rode during the Queen's recent coronation. To give as complete a resemblance to reality as possible, the coach contained mannequins in the like-

nesses of the Queen and Prince Philip. This exceptional piece of craftsmanship won for Woodward's the Henry Birk's and Sons (Western) Ltd. award for the best entry in the parade, marking the third consecutive time this firm has received the trophy. Manager of Woodward's Stores (Edmonton) Limited, is Mr. T. K. Campbell, while their Advertising Manager is Mr. G. Plowman.

Fair To Be Held On Proposed New Large Recreation Grounds

ATHABASCA—The first annual Athabasca and District Agricultural Society Fair, August 6, will be held this year on a new site.

Grassland News Briefs

Mr. and Mrs. Derko took a long week-end off to visit Calgary, Banff and Radium Hot Springs. They were accompanied by Mrs. Postoluk.

Mr. and Mrs. Semenik and Mr. and Mrs. Paul Nykolyn visited Elk Island Park on Sunday and greatly admired the herd of buffalo.

Mr. and Mrs. Richard Schendzielorz took daughter Carol to hospital in Edmonton last week, and went on from there to visit Richard's father at Evansburg.

Gail Chambers, daughter of Mr. and Mrs. Irvin Chambers, now living in B.C., is visiting at Corses'.

Mrs. Mike Derko of Vimy, mother of Councillor Derko, is in the Misericordia Hospital, Edmonton, where she underwent a serious operation on Thursday. Mr. and Mrs. Nick Derko left early Friday morning to be with the patient.

Mr. Mike Duniec is busy fencing the school yard.

Mrs. Mellott and son Dickie were recent visitors to the city.

The society had planned on obtaining permanent grounds situated between the old ferry and the bridge north of the river. However, the town council countered with an even better proposal—the whole area between the old and new highway bordering the ravine at the end of the airport runway.

This land, consisting of 40 odd acres is wonderfully adaptable as fair grounds, ball grounds, golf course and so forth.

The stock will be shown in a specially prepared spot some 500 feet south of the school, while the indoor exhibits will be held in the Junior High School. Displays will line both sides of a hall measuring about 100 feet in length.

Briereville News Briefs

Making hay while the sun shines was the slogan in Briereville. But a heavy rain storm finished that one. Some of the hay is stacked, and there is also a lot of it in cock or bunched, which will have to be spread for drying.

The crops are looking pretty fair in this district. With yesterday's rain it will really help a lot. Mr. and Mrs. Frank Whitford are home from the city now. Vivienne, their daughter returned home with them for a visit. Miss Noreen Anderson is also home from the city for a visit.

Mrs. George Whitford was also a visitor to the city. She was up to see the doctor. She returned home a week ago.

A few weeks ago Mrs. Bud Graham received the sad news of the passing away of her only aunt, Mrs. Jim Mohler of Camrose. Deepest sympathy is extended to you and family Mrs. Graham.

Sigmund Russell Whitford is expected home shortly on his embarkation leave. Russell was home last year and hasn't been home since. Welcome home Russell.

Quite a few of the Briereville residents attended the sports at Kikino last Sunday where they reported a most enjoyable day. The Briereville boys picked up a team and joined in the ball playing. They won a game, but lost the second.

Egg Lake Priest Transferred

EGG LAKE — The local parish was sorry to learn that their priest, Rev. J. St. Arnaud had been transferred to the new parish at Atmore. Father St. Arnaud had been saying mass there every Sunday since the church was built, though he resided in Plamondon. He also visited the church at Bluejay as well as serving the Egg Lake church.

Father St. Arnaud's new residence will be in Atmore and he will no longer be serving this parish. At the present time, Father St. Arnaud's successor is not known.

In leaving, Father St. Arnaud will leave behind him a host of good-will, and the best wishes of all of his old parishioners go with him, along with their grateful thanks for doing so much for the parish.

Muir-Wolstenholme Nuptials

LAC LA BICHE — The Lac la Biche United Church was the scene of a pretty wedding recently, when Miss Dorothy Wolstenholme, daughter of Mr. and Mrs. J. Wolstenholme, became the bride of Gordon Lawrence Muir, son of Mr. and Mrs. E. Muir of Calgary.

The bride, attired in a blue gabardine suit, with white accessories, and wearing a corsage of red roses, was given in marriage by her father, Miss Connie Wolstenholme, sister of the bride, acted as maid-of-honor. She was attired in a suit of blue grey, complimented with white accessories and a corsage of red roses. Robert Wolstenholme attended the groom. Rev. D. A. Greencough officiated at the ceremony and Mrs. T. Lett supplied the wedding music.

A small reception of immediate relatives and a few friends was held at the home of Mr. and Mrs. J. Wolstenholme. Mrs. Wolstenholme, in a light blue suit and a corsage of red roses, assisted the wedding party in greeting the guests.

The happy couple are making a temporary home at Lac la Biche.

Church Notice

The United Church of Canada
Lac La Biche
Minister: Rev. D. A. Greencough
Sunday, August 2, 1953—
Morning worship—11:00 a.m.
Beginners' class—11:00 a.m.

Lac la Biche News Briefs

Mr. and Mrs. E. Shanks have as visitors for the next two weeks the parents of Mrs. Shanks, Mr. and Mrs. E. Stansfield, and daughter, Janie.

Constable M. Hryb declares that fishing is as good as ever at Beaver Lake, especially after coming home with a beautiful 10 1/2 pounder.

C. Calvert of Cold Lake spent the week-end with his family in Lac la Biche.

Mr. and Mrs. J. Bochan and Teddy, of Lethbridge, are visitors of Mr. and Mrs. F. McIntyre.

The United Church picnic, which got off to a good start last Sunday, was unfortunately rained out, to the disappointment of many youngsters, not to mention the grownups.

Mr. and Mrs. N. Kelly, sister and brother-in-law of Rev. D. A. Greencough, accompanied by Miss Marge Barton, of Edmonton, were week-end visitors.

Mr. and Mrs. Harry Kibbe and Charron, accompanied by Mrs. Carter, all of Edmonton, spent a few days visiting Mr. and Mrs. A. Proctor.

Kikino Picnic Well Attended

The Kikino Sports Committee held their picnic July 12 at which a very large crowd attended. There were six baseball teams entered in the tournament; Rich Lake, Briereville, McRae, Goodfish Lake, Kikino and the Colony team. McRae team won first prize and the Colony team took second.

There was also a car rug raffled, which Harvey Whitford of Vilna won.

There was a dance held in the Kikino Community Hall after midnight at which a large crowd attended. That was the first Sunday that passed that there was no rain.

Society Executive Deserving Credit

ATHABASCA — The Athabasca District Agricultural Society are deserving of high praise in their sponsorship of the summer fair. And special credit is due to the various members of the executive who donate so much of their time in organizing such a fair. Among those who have done a very great deal to bring the fair to such a high degree of showmanship are J. D. Edmonds of Amber Valley, Wilf Flack of Colinton, the 2nd vice-president, Mrs. Wolfer, the secretary-treasurer, and Mr. G. L. Godell, the district agriculturist.

A special tribute is due to the late E. S. Parson of Boyle, who worked so tirelessly with agricultural society organizations to make the society one of the leading groups in the province.

Caslan News Briefs

Mr. Michael Kowalchuk spent the week-end at home as he is attending Summer School in Edmonton. He has purchased a Ford car.

Mr. S. Lukasik is having his holiday from the Section. He is spending a while in Edmonton.

Mr. and Mrs. S. Cislo spent the week-end at Thorhild. They attended a wedding while there.

The Department of Public Works is putting in some culverts to improve the roads in our district. Mr. E. J. Woyanowich of Lac la Biche is coming to Caslan to put on picture shows at the school.

Mrs. S. Cislo and Mrs. J. Kuratias motored to Edmonton one day recently.

Earl Gordon is an Edmonton visitor.

Mrs. Slamko has a grand-daughter from Edmonton visiting her.

Egg Lake News Briefs

Mr. James Rudiger has motored from Adanac, Sask. to join his wife and baby at the home of her father, A. L. L'Heureux. He will take them back with him.

Mr. Charles Girard and his sister Jeanne arrived to spend their holidays at the home of their parents, Jos. Girard. Charles was working in Edmonton and Jeanne at St. Albert.

Mr. and Mrs. Steve Peterson were happy to welcome Mr. Peterson's father, who motored from New Westminster, B.C. to visit them.

Rash Of Accidents At Briereville

BRIEREVILLE—Last Wednesday was a day for accidents. Mr. Gordon Anderson and Mr. Emile Desjarlais were on their way to town in Gordon's new truck when they hit some muddy road. Gordon lost control of the wheel and they landed in the ditch. The truck was badly damaged. Mr. Anderson got shaken up and Mr. Desjarlais received a fractured shoulder. They had 7 lambs in the back of the truck that didn't even mind the crash. Also on the same day, Mr. and Mrs. Archie Lyons and Mr. Jimmie Whelen went to Vilna, where they were involved in an accident. Their car was badly damaged.

Another (could have been an accident) happened when Mrs. Herbert Thompson was mowing alfalfa. One of the driving lines broke and her team started to run. She kept them in check by keeping them turning in a circle till her husband arrived on the scene to catch them as they came around. She said she took the mower out of gear just in case of a smash up. All these accidents happened on Wednesday, July 15.

The following day, Norman Whitford's truck almost burned up. Norman wasn't home and his mother, Mrs. John A. Whitford was walking past the garage when she noticed smoke in the garage. She went in and noticed how smoky it was in the cab. So she opened the door and there to her amazement was the seat on fire. She called for help and with some water they smothered some of the fire till they could get the seat out of the truck and put out the fire. It took some time to get the fire out as it was burning in the padding of the seat. It is not known how the fire started.

Boyle FUA Holds Benefit Dance

BOYLE—On the evening of Saturday, July 18 a benefit dance sponsored by the Boyle FUA Local 308 was held in the Boyle Community hall, for Mr. Al Oniell and family, who lost their home by fire recently.

Very good music was supplied by Rudolph and Willard Lindstrom, Fred Hutzal and Morris Nikypilo. A fair sized crowd attended and all enjoyed themselves.

At midnight Mr. Sydney Alexander Jr. made the presentation of the door and lunch receipts, to Mr. Oniell, who addressed the gather-

ing and thanked all for coming, and helping him in his time of need.

The FUA would like to thank the Community Club, who donated the use of the hall, the musicians who played free of charge, also Mrs. Arvid Stromberg, Mrs. John Alexander, Mrs. Sydney Alexander Jr. and Mrs. John Lund for their time, making lunch, and serving at the lunch counter.

Boyle News Briefs

Saturday evening, July 18, a benefit dance was held in the Community hall in honor of Mr. Al O'Neil and his family. A small crowd attended and a nice time was had by all. A purse of \$56.50 was presented to Mr. O'Neil by Mr. S. Alexander Jr.

Mr. and Mrs. H. Loy have returned home from their trip to the States and their daughter Mabel stayed for a few weeks with her aunt and uncle.

Monday afternoon, July 20 Noel McNamara had the misfortune of being caught in the power take-off of the tractor. His legs were badly bruised and skin torn.

Mr. and Mrs. Jim Patterson are spending their holidays with Jean's parents, Mr. and Mrs. F. Smith.

Mrs. Martin McNamara has been in the hospital taking treatments for blood poison.

Mr. and Mrs. Joe Bendetto and family have returned from their holidays.

Henry Ford 2nd has urged that Congress start "elimination of all tariffs" to "lead the free world toward freer trade".

Plamondon News Briefs

Mr. Elmer Plamondon, owner of the electric plant in town, had a lot of work ahead of him Thursday morning. The big wind we had Wednesday night knocked down a pole and transformer. The town was without power from six o'clock Wednesday until noon Thursday, when all normal operations were resumed.

Miss Emilie Plamondon is gone for a holiday to Peace River.

Mr. and Mrs. Adolph Bosse are gone for the summer. They intend to visit in several States in the U.S.A. and in B.C. and Toronto.

Mr. and Mrs. Emile Houle of Hull, Que., and their daughters Yvette and Rejane were visiting Mr. and Mrs. Octave Cheigny and Mr. and Mrs. Roland Piquette. Accompanying them was Miss Rachelle Piquette, daughter of Mr. and Mrs. John Piquette of Morinville.

Mr. and Mrs. Jack Buehler of Sterco were week-end visitors.

Mr. and Mrs. Alfred Fournier of Venice visited her parents, Mr. and Mrs. Joe Bosse.

Mrs. Lillian Johnson spent a week in Peace River visiting Mr. and Mrs. Joe Perner and Mr. and Mrs. Joe Dragon, formerly of Plamondon.

Miss Jennelle Johnson spent a week in Edmonton visiting relatives and went to the Exhibition.

Born to Mr. and Mrs. Evangeliste Cote on July 13, a son, Dennis Andre.

A Liberal meeting was held Sunday. Mr. Jean Paul St. Laurent.

Application For Beer License

Public notice is hereby given that the undersigned intends to apply to The Alberta Liquor Control Board for a License to sell Beer by the glass or open bottle, for consumption on the licensed portion of the premises, and also to sell Beer by the unopened bottle for consumption elsewhere than upon the licensed premises, in conformity with the provisions of The Government Liquor Control Act of Alberta and the Regulations made thereunder, with respect to the following described premises:

Beer Salesroom in the North-east Corner of the Ground Floor of the YORK HOTEL, situated on Lots 13 and 14, in Block 11, in the Townsite of Lac la Biche, Plan 4313 B.F. (H.B. Res.), and Lots 15 and 16, in Block 11, Plan 4313 B.F. (H.B. Res.)

Dated at Lac la Biche, in the Province of Alberta, this 22nd day of July, A.D. 1953.

STEFANIK INVESTMENTS LTD., Applicant.

Ross Stefanik, President.
Mike Stefanik, Secretary.

Any person desirous of protesting against the issuance of a Beer License to the applicant should notify the Alberta Liquor Control Board, Edmonton, in writing, within thirty (30) days of the date shown at the foot of this advertisement.

Began July 28th, 1953.

CHAS. LEBAS

Says . . .

"DON'T BE A WORRY WART.
GET A STORAGE TANK AND
BE A HAPPY HARVESTER."

A worry wart is a fellow who's wondering if he'll have his supply of tractor fuel on hand when the rush of harvesting begins.

A happy harvester is a fellow who has a fuel storage tank and has it filled with the right tractor fuel. He's ready to start, fast, whenever his crops are right.

More than that—he's cutting down the fire hazard by storing fuel in a properly located tank. He's making sure that his tractor gets good, clean fuel . . . the kind that won't clog up in the carburetor.

So be a happy harvester. Get a storage tank and let us know as soon as you can what you'll be needing. We'll be out to see you the first time around.

LAC LA BICHE Alberta

OPEN LETTER

To the People of the Greater Athabasca District, and especially to our Women Folk:

One of the greatest of Athabasca will be the second of its first complete Fair in recent years. The Stock Show, with which many of you already are familiar, has been held in Athabasca and was followed a couple of weeks later by a "Bench Show" held at Perryvale in 1951, and at Meagook in 1952.

However, it seemed as though something was lacking, so it was decided to combine the two at the same place and time, and, with other attractions, we are sure there will be plenty to hold one's interest throughout the entire day.

With "Machinery Row", an RCAF exhibit, and the stock, the men folk will have plenty to keep up their interest, to say nothing of the Federal-Provincial exhibit which will be shown in the Junior High School. There will be a big "all star" ball game in the afternoon, too.

The women's and juniors' section of the Fair will be shown in the long halls of the Junior High School. Classes for needlecraft, cooking, canning, eggs, butter and soap, for vegetables and flowers, for hobbies, including paintings and other art work, and the junior class with its many sections, should prove highly interesting and educative.

We want to see a large exhibit from every section of our fair district, and we know there are many among us who can put out work second to none. While the vegetables may not be too far advanced, the quality should be good, and the same goes for the floral exhibit. If you can paint, or color, you have a chance to show your talent!

Those who have shown at the two previous events are keen to try again. Those of you who haven't yet wish you to try, and if you just don't think you have anything good to show, come anyway. You may decide that you can't and will another year. And, unless you do come and look things over, you will not know what talents are lurking in your midst. So come to the Fair. Ask for your Prize List.

And when you get tired and wish to sit down and relax, you may do so, and at the same time see free

NO ROAD MAKES NO DIFFERENCE TO A 'JEEP'

A 'Jeep' will get you there when no other vehicle can! With 4-wheel-drive, better maneuverability and rugged build, a Universal 'Jeep' travels where there are no roads... climbs steep grades... goes through deep mud, snow and sand. Ask us for a demonstration of this tough, "go-anywhere" vehicle.

films shown by the Provincial Health Unit, which will be in one of the large class rooms of the Junior High.

Why not make a day of it? You will be sure to see something that will make you glad you came.

(MRS.) E. K. WOLFER,
Secretary-Treasurer.

Hylo News Briefs

The Hylo Ball Club has decided to form a hardball club. They have purchased a full line of equipment for the catcher and first baseman. From now on they shall hold practices every Thursday.

The Hylo Softball Club lost a game against an All-Star team at Craigend picnic, score 18-7. This is the first game they have lost out of a total of 9 games.

The Craigend 4-H Club played on Friday, July 31 with Sauer's the Hylo 4-H Club losing 24-4. Well done, boys.

Perryvale News Briefs

Mr. and Mrs. E. Lind and family of Edmonton are visiting at the home of Mrs. Lind's mother, Mrs. E. McChuskey.

Mr. and Mrs. L. Banack and Rose Marie have returned from a holiday with relatives in the Camrose district. Loretta Fisher returned with them for a holiday here.

Mis Joy Ward is spending a holiday at home here.

Miss Joyce Clark visited at the home of her parents here, Mr. and Mrs. J. Clark.

Mr. and Mrs. Bert Nicoll and family, now residents at Ferintosh have been holidaying at Vancouver.

Miss D. Waffle visited at the home of her mother here, Mrs. C. Waffle.

The regular dance will be held on Friday, July 31 with Sauer's Orchestra.

The final game between Perry-

vale and Rochester Pee Wee baseball teams was called off in the third inning Sunday, July 19 because of heavy rain. It was to be re-played Thursday, July 23, weather permitting.

Albert Rein of Leduc, who has been holidaying here, has returned home to Leduc.

Atlanta dentist is awarded a patent for a musical headrest.

Peace At Last

At long last, following over three years of war in which from three to five millions of people, soldiers and civilians died, we have peace—an uneasy peace—in Korea.

What on the surface may appear as one of the most useless of wars and senseless of human carnage may in reality prove to be an important step in the maintenance of world peace. For the first time in human history the nations of the world have united to stop aggression.

In June 1950, North Korea invaded its neighbor, the Republic of South Korea in the expectation, we have no doubt, that the Free Nations of the World would not protest this extension of the Communist Iron Curtain. But the United Nations, led by the United States under President Harry Truman rallied to the defence of South Korea and drove the enemy back north across the 38th Parallel comprising the boundary between the two countries on the Korean Peninsula.

The Chinese then went to the aid of North Korea and the combined communist armies managed to drive the United Nations troops back to a line which with a few changes back and forth has remained static roughly along the 38th Parallel. As truce terms were finally signed early this week, it will now be a matter for the diplomats to work out acceptable Peace Treaty terms.

Led by fiery President Rhee, South Korea has threatened to go back to fighting if the Peace Treaty isn't concluded fairly soon. There are other possibilities open for the God of War, such as intensified Communist attacks in South East Asia and renewed agitation in Europe. But for the time being the bloody fighting and killing in Korea is ended and Canadians, with other nations of the world, may rejoice in humble thanksgiving that the Dove of Peace has silenced the guns of war in Korea.

Mr. Coldwell's Comments

Though the leader of the C.C.F. party in Canada, Mr. Coldwell, hasn't made the headlines on news of his own party in this election campaign he has managed to say a few things about the Conservatives, which don't make good reading for Canada's Second Party leaders.

Two weeks ago in Saskatoon he stated that Hon. George Drew's offer to reduce taxes by half a billion dollars "is the most dishonest political promise made in Canada since Social Credit promised to pay everyone in Alberta \$25.00 per month in 1935."

Then, last week he prophesied that, far from making gains in the August 10th election, the Progressive Conservatives would actually lose several seats in the east and send to Ottawa nothing better than a "Corporal's Guard" from the west.

Though disagreeing with Mr. Coldwell on many aspects of his political philosophy, we would not accuse him of dishonesty and do not think he should throw aspersions on the political intentions of his opponents.

It is a matter of historical fact that Social Credit did not keep its 1935 promise to pay \$25.00 per month. They evidently thought before the 1935 election that they could, but if they had taken the trouble to investigate Mr. Aberhart and his followers might easily have found out before hand that money matters in Canada are in the hands of the federal government and not left to provincial jurisdiction.

We aren't much concerned about Mr. Drew's ability to keep his promise to reduce taxes. Mr. Drew is an intelligent man and must have some plan worked out to increase expenditures by a billion dollars and cut taxes by half a billion at the same time. But, then, he too could be mistaken, and anyway he won't win in the August 10th election so won't be called upon to keep his promise.

Incidentally, we think Mr. Drew should have a good, long, heart-to-heart talk with Premier Manning of Alberta. Mr. Drew's idea of spending more money and cutting taxes at the same time is explainable only by the use of Social Credit philosophy. And if the Progressive Conservative party is to continue as a national force in Canada it can do it in only one way—translation into the Social Credit party as has already taken place in British Columbia.

Finds Tools 500,000 Years Old

Professor Camille Arambourg, of the Museum of Natural History in Paris, recently dug up several crudely-formed stone implements which may be the oldest known implements of man. The discovery of these tools indicates the existence of a form of humanity at the beginning of the Ice Age.

No human remains were found in Professor Arambourg's excavations, which have been carried on for a number of years in his search for fauna. But the discovery is taken to indicate that primitive creatures roaming North Africa 500,000 years ago were capable of mechanical thought.

Leading anthropologists and archeologists the world over have expressed intense interest in the discovery, which took place in Northern Algeria, not too far from the Mediterranean coast. Similar discoveries in the past have enabled man to reconstruct some of the ancient habits and characteristics of ancient people.

The Dreaded Wheat Stem Rust

Canada has developed a new variety of wheat—No. C.T. 186—that is resistant against the new form of rust 15-B. The United States has developed a similar variety, a derivative of Kenya wheat. It is noted, however, that these new varieties are not resistant to other races of rust, traces of which have been identified in Mexico, and which have been given the numbers 139, 49 and 11, and which may one day appear upon the Canadian scene. It looks, then, as though the time has come when we have to do more research on the nature of rust-resistance, on how Nature produces these new races of rust, and on the chances of us producing varieties that will resist all races of rust. This kind of scientific work is called Fundamental Research. Very little of it is being done in this country, or anywhere else for that matter, but it does seem as though it must be the next order on the program. It would seem, then, that either Governments or Private Enterprises, or both, must somehow allocate more funds to enable our talented scientists to do more Fundamental Research work on this most important agricultural program.

Plain Impudence

(Calgary Albertan)

One day last week The Albertan editorialized to the effect that intelligent and refined heckling would enliven and therefore improve Canadian politics. Unfortunately the first case of heckling to come to our attention since then was anything but intelligent and refined.

Prime Minister St. Laurent was the victim of plain dirty insults at his Edmonton meeting. One member of the audience called out "you old goat," and another said "you're just a bunch of phoney's, go back to Quebec."

That's not heckling. It's plain impudence, stupid bad manners. The perpetrators should have been turned over someone's knee and paddled, for obviously they are spoiled brats. The legitimate purpose of good heckling is to expose fraud in a speech or bring the speaker down to earth, business and facts. It isn't abusive or irrelevant. Above all, it isn't name-calling.

The Edmonton hecklers should feel ashamed of themselves. We didn't know there was such a low type of citizen in Alberta.

Note and Comment

You can send a message around the world in the seventh of a second, yet it may take years to force a simple idea through one-quarter inch of a human skull.

They didn't follow his wishes, but the late Andrew Carnegie once remarked, "I wish to have for my epitaph, 'Here lies a man who was wise enough to employ men who knew more than he.'" — Neal O'Hara.

The Bible Today

Better is a little with righteousness than great revenues without right.—Proverbs, XVI; 8.

LAND OF THE MORNING CALM

Voice of the People

VATICAN AMBASSADOR

May I have space in your "letters" column to ask a timely, pertinent question, namely, "How many Protestants would willingly acquiesce in the appointment of an ambassador to the Vatican?"

It is reported that the Prime Minister, Mr. St. Laurent, has stated to Quebec constituents that this is his objective if re-elected on August 10, although he adroitly omitted it from his western lullaby speeches.

Since the Vatican is neither a state or nation it is no more entitled to an ambassador than the Anglican Synod or any other religious institution.

It surely is "time for a change" in Ottawa.

CANADIAN-BORN LIBERAL
Edmonton.

SILENT REDS

This is my gripe: I am a Social Creditor and don't object to saying so, because I have nothing to conceal. So how about you people who belong to the so-called Labor-Progressive party? Why are you ashamed to call yourselves Communists? If you have nothing to conceal, why not admit it?

HELEN.

Mundare.

CHECKING ALL DRIVERS

In view of mounting traffic accidents, my opinion is that a reduction is possible in only one more way. Now that all vehicles have to be checked mechanically every year and every new driver has to take a driver's check-up, how about stopping drinkers from driving? It's against the law for a person to drive after having a drink. Why not enforce it?

J. H. C.

Edmonton.

WITH A NEST ON TOP

While I was vacationing in Georgia, walking down the street one day with my new hair-do, which I admit was fixed some thing in the style of a bird's nest, I felt something swoop down on my head. At first I thought it was a piece of paper, but when it began pecking and scratching I knew it was a bird. This occurred twice. Some strange things happen around there.

ELIZABETH D.

There's a Difference

The school teacher was taking her first golfing lesson. "Is the world spelled p-u-t or p-u-t-t?" she asked the instructor.

"P-u-t is correct," he replied. "P-u-t means to place a thing where you want. P-u-t-t means merely a vain attempt to do the same thing."

SUGAR FORMULA

Voicer of Edmonton asked: "How to soften brown sugar that has hardened in the bottom of the sugar box?"

My solution to this problem is a tried and true remedy: Put the sugar in a brown paper bag and place in the bread box with uncovered loaves of bread. The sugar will soften up in a few days.

I always keep my brown sugar in the bread box and never have any trouble with it hardening. Of course, I bake my own bread, so never have it wrapped in wax paper.

Hoping this hint helps out.

MRS. FELIX BATTLE.

Delia, Alberta.

THE BLUNDERS OF MARY

Again we find our farmers and ranchers backing a plan to sell surplus products to the Government for storage. They are interested only in getting every cent possible out of this food, even if many people have to go without because they have not wherewith to buy. Isn't it time to let some of God's truth sink into these thick skulls of ours? Isn't it time for men to admit they are unable to govern themselves and call upon God Almighty to take over?

LETTER TO LOUISA

Husband Harsh With Children, Refuses Allow Dating Privileges

Dear Louisa:

My husband is very strict with the children. In fact, he is so much so that his methods seem to be doing the very thing that he is trying to prevent.

He does not allow our high school daughter to have dates or go to parties nor does he let our sixteen year old son drive the car. They must be in bed at ten o'clock week days and week-ends.

The children have gotten very rebellious here of late and the boy has threatened to stop school and go off to work where he can have some fun. Our daughter is absolutely boy crazy and deceives us by meeting dates in the movies.

I am very much distressed over the whole situation because I know that my husband is doing what he thinks is best for the children but what I think is ruining them.

What course must I take?

Mother:

Answer:

Your husband is still living in a world of the past. He fails to realize that people have learned that the proper way of rearing children is by guidance and love rather than by force.

We may lay down a thousand rules and try to keep our lambs from the temptations of the world but it will be of no avail if we have not earned their trust and confidence.

It is impossible to protect our children from the temptations of the world and our best safe-guard for them is to teach them to be independent. Show them by word and precept the right way to live and then give them a normal amount of liberty.

You are certainly doing your child no good if you cause them to run away from home. He is utterly unprepared to fend for

himself as he has never had any experience with freedom and is likely to come to some bad end. And the same thing applies to your daughter.

If she is accustomed to going with boys and regards them as friends, she will be able to judge them better and not fall for the first rotten apple that shows her a little bit of attention. I do not excuse the girl for meeting her dates on the sly — such behaviour does her or her reputation no good — but her father is more to be blamed than she. Every girl has a right to a decent home in which to entertain her friends — boys or girls.

Your husband had better wake up before it is too late or he is in line for some disagreeable shocks.

Yours,
LOUISA

Handwriting Shows Prince Philip Boss

TORONTO (BUP)—Handwriting analyst Muriel Stafford said the signature of Queen Elizabeth II revealed an "idealistic nature, gracious personality, and a keen, quick mind."

"But Prince Philip's showed he was boss in the home."

Miss Stafford said Her Majesty's signature revealed "restraint and a level head," "a talent for leadership and ability to organize," and "quite a bit of self-consciousness." "The graceful curves of the 'E' also reveal humor and graciousness," she said. "Following the capital are letters that in their angularity indicate quite a bit of self-consciousness."

"Some impatience is evident in the abrupt termination of a word. Whatever she suffers inwardly from such emotional reactions is not allowed to make her act impetuously or disturb her outward poise."

"The slant of letters, very slightly rightward, shows emotional restraint. One trait controls another."

Miss Stafford said the very tall capital with which Prince Philip begins his name was "the expression of an independent, self-assured nature and impressive personality."

"Whatever his position may be in the state, domestically Prince Philip must be truly head of his household," she said.

She also found in Philip an astute mind that analyzes everything with keen, quiet appraisal, and the ability to supervise even the most minute details.

The article said both Elizabeth and Philip wrote with a small middle-zone of letters, tall upper loops and a fluent pen.

"Most similarity shown in the handwritings of a married couple make for congeniality and mutual understanding," she concluded.

Edmonton Woman Victim Of Crash

EDMONTON—Mrs. Helen Holub, 38, of Edmonton, died in hospital recently after she was struck at an intersection by a truck driven by Real Villette of Edmonton. Police said charges will be laid against Villette.

Quick Canadian Quiz No. 125

1. At any time in history has the movement of population between Canada and the United States been in our favor?
2. How many Canadians are directly employed in manufacturing, and which industry employs the most?

3. Which province has the largest maple syrup and maple sugar production?

4. Which province has the largest pulp and paper production?

5. Which province has the largest farm cash income?

ANSWERS: 5. Ontario, with Saskatchewan second. 3. Quebec. 1. Yes, in the early years of this century, when Ottawa's aggressive immigration policy brought in a million Americans. 4. Quebec. 2. About a million and a quarter; primary textiles is the biggest employer.

NO BURNING VOTE ISSUE ABBOTT TELLS ALBERTANS

WETASKIWIN—Finance Minister Abbott said Wednesday that Canadian currency is one of the strongest in the world because of "good people, geography and good government."

Mr. Abbott, making what he called his first "purely political" address in Alberta, spoke to about 50 persons in this town 40 miles south of Edmonton on behalf of Clinton Reed, Liberal candidate for Wetaskiwin riding in the Aug. 10 federal election.

He flew from Vancouver to Edmonton in the afternoon after touring the Coast, and addressed a public meeting Wednesday night at Lacombe, 80 miles south of Edmonton.

"There isn't any burning issue in the election campaign," he said. "The real issue is: Do the people want a Liberal government headed by Prime Minister St. Laurent, or do they want a Progressive Conservative government headed by George Drew."

The Progressive Conservative party didn't stand a chance of forming a government on its own. But there was the possibility that it could form a coalition with Social Credit members from British Columbia and Alberta.

"It is important the people consider the alternatives," said Mr. Abbott. "They should look at the Liberal record and then at the promises of other parties, and ask if those promises can be fulfilled."

PRIME MINISTER PLEDGES LIBERALS BACKING OF ALL-CANADA GAS LINE

EDMONTON—At a Liberal rally in Edmonton, July 13th, Prime Minister St. Laurent pledged the Liberal government to back development of an all-Canadian pipe line to give Eastern Canadian centres the benefit of Alberta's cheap natural gas.

Mr. St. Laurent spoke on the pipe line policy as he continued his main argument for gaining Western votes: mainly that Western Canada should vote Liberal because it is the only party with country-wide support sufficient to provide strong stable government to speed the economic development of Canada.

Mr. St. Laurent said no one expects Alberta to agree to send gas out of the province until the province is assured of sufficient reserves for present and future requirements.

Alberta's government having stated there were sufficient reserves to justify export, Mr. St. Laurent said it is and will continue to be the policy of the Liberal government to give Canadian centres first chance at the supplies with one exception.

British Columbia needs Alberta supplies, and the only practical way of getting gas to the coast was via pipe line through the American Pacific Northwest. The U.S. federal power commission was considering an application by a Canadian company, West Coast Transmission Ltd. for export into the American market, and the Prime Minister anticipated a "favorable decision will be announced very soon."

On the rest of Alberta's exports the Liberal government's policy was quite clear.

We support fully the proposal that this surplus should go to Central and Eastern Canada and it is our policy to see to it that this surplus should go to Central and Eastern Canada by means of an All-Canadian pipe line.

Speaking earlier at Red Deer, the Prime Minister singled out Solon Low, Social Credit leader, as the man who had accused two presidents of the U.S. Harry S. Truman and the late Franklin D. Roosevelt as the "betrayers of humanity."

Mr. St. Laurent said he was "horrified" to hear of Mr. Low making these statements. If the American leaders were "betrayers" so too were Canadian leaders for Canada helped build the strength of the free countries.

Referring to the SC member for Acadia, Victor Quelch, he said Mr. Quelch was in the "wrong camp," for he was certain the Acadia member did not believe in the Social Credit "debt-free" policies, or that party's criticism of the UN and the North Atlantic treaty.

He warned that Social Credit "debt-free" money plans won't pay

Canada's debts and the Social Credit attack on world trade won't help Canada pay for the goods she must import to maintain her standard of living.

Alberta Scientists Increase Grain Yield

SASKATOON—Plant scientists in Alberta have discovered a mixture of fertilizer and weed-killer that increases the yield of cereal grains.

Leaf-feeding dusts and sprays were combined with 2,4-D in the experiments. Experimentation is continuing.

Two scientists from the Lethbridge Experimental Station reported the results of these experiments in the annual meeting of the Agricultural Institute of Canada. The men are U. J. Pittman and J. J. Sexsmith.

Spring wheat treated with the combination produced a stronger straw, they said, and when copper sulphate was added a good yield increase resulted.

Other Prairie experiments in 1932 produced varying results. At Lethbridge leaf-feeding formulations seemed to decrease barley yields. At Indian Head, Sask., spring wheat yields were greater following treatment with commercial leaf-feeding dust than with equivalent dosages of standard 2,4-D dust.

Lethbridge reported highest oat yields from plots treated with additional amounts of copper and molybdenum and 2,4-D.

Flax yields at Indian Head were highest following treatment with a dust containing copper and iron.

Hail Damage Heavier Than First Believed

Claims for hail damage to crops started flooding into the Calgary office of the Alberta Hail Insurance Board Thursday following the violent thunderstorm Tuesday evening in the east-central and north-eastern areas of Alberta.

By the first mails 332 claims were received for the destruction of 100,000 acres of growing crops on 410 square miles.

The later reports showed that earlier estimates of the terrific havoc waged by the 30-minute storm were too conservative.

In a narrow belt running north-east all the way from Acme across the Red Deer River to Frog Lake, nearly all growing crops were levelled and wiped out.

Heaviest damage occurred between Innisfree and Vermilion due east of Edmonton. Reports from that district were expanded by a later report from Minburn between the two, stating that from 50,000 to 70,000 acres were hit in an area of 10 by 21 miles.

In addition, a further storm released its fury Tuesday evening at 6 p.m. on Acadia Valley, due east of Calgary near the Saskatchewan border. Within a narrow belt one

mile in width and 20 miles long there were 6,000 acres where hail damage varied from 20 to 75 per cent.

With most of the crops in Alberta starting to head, heavy damage by hail now means loss of the crop. Glen Elder, Insurance Board manager, said that after July 20 most claims for insurance are paid without deferment.

The big rush of claims into the Calgary headquarters was expected to be only the beginning of many others to arrive later.

The 332 brought the year's total to 1,182, over double the number filed at this time last year.

You gave him this job to do

and St. Laurent is getting RESULTS!

In 1949 the Canadian people expressed their confidence in St. Laurent and the Liberal program. This glance at the record reveals some of Canada's tremendous accomplishments under St. Laurent's leadership. No other country has fought a war, balanced its budget, reduced its debt, cut taxes—all at the same time.

Now there's another big job ahead. And Louis St. Laurent has proved that he, more than ever, is the Canadian best fitted to do the job.

Promoting employment
and prosperity ✓

More Canadians working, for higher pay, than ever before... New records established in national production, national income every year since 1949.

Developing our trade ✓

Old markets expanded, new markets opened up... Canada third largest trading nation in world... External trade at all-time high... Negotiated mutual tariff concessions with 34 countries—a practical way of freeing international trade.

Expanding our industry ✓

Liberal policies have encouraged rapid economic growth... Unprecedented development of resources... Consumer purchases doubled since the war... Investment in new plants and equipment running over \$5 billion a year.

Strengthening our dollar ✓

Budgets balanced... National debt reduced... Inflation brought under control... Taxes lowered... Canadian dollar strong.

Supporting farming and fishing ✓

These basic industries aided by trade agreements, floor prices... New low-cost insurance plan assists owners of smaller fishing vessels... Farm production and income at record levels.

Fostering good labour conditions ✓

New federal legislation prohibits discrimination on grounds of race, colour or religion... Unemployment insurance extended to cover seasonal lay-off of workers... Special efforts to help disabled workers to find useful and satisfying employment... Time loss from strikes at low point.

Working for National Security ✓

To prevent aggression, Canada's forces serving in Far East and Europe... Canada making major contribution to NATO defence build-up... Largest peacetime defence program in our history... Full support to United Nations... all to preserve peace.

Low Fur Prices Eskimos Sell Carvings

YELLOWKNIFE, N.W.T. (BUP) — With the price of furs desperately low, the Canadian Eskimo is earning most of his livelihood by carving figures depicting life in the Northland.

The sculptures, done in black and gray colored stone, are flown here regularly, and are sold in a handicraft shop to tourists and miners.

A typical figure shows a polar bear and an Eskimo engaged in conflict. The bear is biting at the side of the Eskimo's face, while the sturdy native is piercing a knife into the animal.

The work is of black stone, except for the copper knife, made from ore found in the natural deposits at Coppermine, N.W.T.

THE LIGHTER SIDE

A Spice Of Danger

An Englishman was once invited by a New York man to accompany him on a hunting trip to Long Island.

"Large or small game?" queried the Britisher, who had hunted in every quarter of the globe.

"You don't expect to find lions and tigers on Long Island, do you?"

"Hardly, but I like a spice of danger in my hunting."

"If that's the case," answered the New Yorker, "I'm your man all right. The last time I went out I shot my brother in the leg."

One Long Suit

She—You are positively the worst dancer I ever saw.

He—Well, it's something to know that I excel in that respect at least.

Familiar Foot Work

Brown—What made you start clapping your hands when that woman stepped on your foot in the crowded car?

Barlow—I was dozing and I thought my wife was giving a musicale and was signalling that it was time to applaud.

Credit Balance On Husbands

Film Star—"Isn't that a good joke on Mary?"

Director—"Hahn't heard it."

Star—"Her secretary got the records mixed up, so now she finds she has had two more divorces than she has had weddings."

Wings

"Is your family going to be active in society?"

"I suppose so," answered Senator Sorghum. "You can't expect them to deny themselves the same pleasures that they enjoyed at home."

"Will you become a social butterfly yourself?"

"No, I'll keep working hard and try to fly high enough to get into the airplane class."

Reciprocity

Pullman Porter—Beg your pardon, sir, but the dollar you gave me last night had a hole in it.

Traveler—So did the blanket you gave me last night.

Misunderstood

Fay: "I shouldn't be surprised if Freddy breaks the ice with Mabel this Christmas."

May: "You mean you think he will propose to her at last?"

Fay: "No, but she gave him his first lesson in skating yesterday."

High-Low

Hubby—Don't you think your gown is cut a little too low, my dear?

Wife—Not at all. Why, it's made in the height of fashion."

His Failing

Hubby—Ah, let me back just one more horse, dear, and I promise it will be the last.

Wife—It always is.

Fewer Attend Edmonton Fair

EDMONTON (BUP)—The total turn-out at the exhibition was nearly 20,000 fewer than the previous year, due partly to less favorable weather conditions.

A total of 296,984 persons walked through the gate last week, compared with 316,809 in 1952. Pari-mutuel betting, however, rose by nearly \$410,000 because of increased facilities. This year, \$1,970,407 was bet compared with \$1,560,479 in 1952.

Saturday was the only day this year when the total betting was below that of a similar day last year. Only \$265,004 was turned in, compared with \$284,393 the year before. About 3,000 fewer persons visited the grounds Saturday than on Saturday in 1952.

Cliff Ross of Edmonton held the lead in the chuckwagon racing to win first prize with a total time of 7 minutes and 49 4/5 seconds. Johnny Phelan of Red Deer, who came in first Saturday night, ranked second with a total time of 7 minutes and 52 3/5 seconds. Carl Barrett of Stettler came in third and also placed third with a week's aggregate of 7 minutes and 58 1/5 seconds.

Lower Walk Loves Cat

HOLLYWOOD, Cal.—Hearing a kitten crying in a storm drain, Kierluff, 26, attached a 150-foot wire to himself. Neighbors held it and he went into the drain. He spotted the kitten and reached for it. It backed away. Releasing himself from the wire, Kierluff followed the kitten from manhole to manhole. Finally the kitten came up and Kierluff emerged through a manhole—three and a half hours later and a half mile away from where he had started. He gave the kitten to a little girl, who named him "Sue" because he came from a sewer.

Camouflaged Money Truck

HAMBURG, N.J.—State's policemen, waiting patiently for an armored car to arrive and transfer deposits to the Hardyston National Bank paid no attention to wheelbarrow being pushed across the street. They should have though, because under the lid bricks there was \$60,000 in currency and silver, moved to its new location in the new bank building.

Rain Brings Drought

DODD CITY, Texas—So much rain fell here recently that Walter Ash now lacks water in his house. More than two inches of rain caused his cistern to collapse.

His Mistake

MOREHEAD, KR.—The Sheriff of Rowan County returned from moonshining investigation, reeking with evidence. He had made the mistake of turning his back on the 11-year-old son of a moonshiner and the boy smashed the bag of evidence the Sheriff held.

Cop Revives Baby

NEW YORK—Grabbing an unconscious eight-months-old baby on the arms of her screaming mother, Patrolman Thomas Somers gave the child artificial respiration and saved the life of my Marta Rodriguez, who had nearly drowned when her mother, Mrs. Lucrezia Rodriguez, left her the bathtub alone momentarily.

LLA's To Tour Peace River

PEACE RIVER—About 30 members of the legislature will leave Edmonton Monday for a four-day tour of the Peace River district. Travelling by bus, they will visit High Prairie, Peace River, Grande Prairie, McLennan, Fairview, Valleyview and Dawson Creek.

Kansas fears a poor wheat crop due to wind, dry winter.

Crash Scatters Explosives

BIG ROCK, Ill.—When a tractor-trailer, loaded with tons of military explosives and torpedo warheads, and a cargo truck of merchandise collided here recently, explosives were scattered all over this small town but none of it exploded. The drivers thought to cut the ignition of their trucks before leaping from their cabs, preventing the gasoline from igniting. No one was hurt.

Family Cooperation

CLAREMONT, Cal.—Richard Castillo, navy veteran, took a steel company job to finance his wife Dorothy's final music studies. Then she got a high school teaching position while he earned his degree. He was graduated with honors and will head for medical school at the University of California this fall. Dorothy, meanwhile, has become a TV singer.

Open American Border To Alberta Swine

VANCOUVER — The United States border has been re-opened to swine from Alberta. Federal agriculture department officials reported here Tuesday.

The border was closed July 7 when a shipment of hogs was stopped at Blaine, Wash., suspected of suffering from vesicular exanthema. Extensive tests were conducted and the animals were given a clean bill of health Monday.

Train, Auto In Collision

EDMONTON (BUP) — Martha Krysa, 63, is in the Royal Alexandra Hospital recovering from injuries received when his car struck a train last week.

Krysa suffered a fractured skull when his car collided with a C.N.R. train at a level crossing at 50th St. near 126th Ave.

Hospital authorities said he is still unconscious. The car was a total wreck.

A second serious accident injured four persons in a head-on collision about midnight one mile east of Oliver, on the Fort Trail.

Injured were David Mackie, Fort Saskatchewan, and Mrs. Mackie; and Grace Stevenson and Fred Dux of Edmonton.

Five Movies For Alberta

Five motion picture films are being made by Hollywood companies in Jasper and Banff national parks.

Two films are being produced at Jasper. One of them stars Marilyn Monroe and Robert Mitchum. They both arrived at Jasper recently.

Three pictures are being produced at Banff, including one featuring James Stewart and Ruth Roman.

Farmers' Union Boosts Fees

EDMONTON — The Farmers' Union of Alberta Tuesday announced increases in membership fees, effective November 1.

Present fees are \$2.50 for individual adult members and 50 cents for persons 14 to 21. The new fees will be \$6 for the family unit—man, wife and children 14 to 21; \$4 for individual adult males, \$3 for individual adult women, and \$1 for individual juniors.

Present FUA membership is 23,000, highest in the organization's history.

FIRST OF ITS KIND IN CANADA is this new wheel truing machine now in operation at the new \$1,000,000 diesel plant being completed by the Canadian Pacific Railway at Nelson, B.C. The unit, shown in operation here, permits diesel locomotive wheels to be machined without removing either the wheels or trucks from under the locomotive, and will be used in the servicing of diesel

locomotives operating on the Kootenay-Kettle Valley divisions of the C.P.R. in southern British Columbia. Its purpose is to restore by means of specially designed milling cutters the normal contour of the tread and flange of wheels worn by operation of locomotives over frequent, tight curves on the right-of-way through mountainous territory.—Canadian Pacific Railway Photo.

Traffic Deaths, Mishaps Show Increase This Year

The Alberta Safety Council's report on traffic accidents for the first half year shows an increase of 25 per cent in accidents over the same period of 1952, and 49 per cent in deaths. Accidents so far total 7,857 as against last year's total of 6,272, and deaths are 82 as against 55 for last year.

In June there were no fatalities in the cities, the 18 deaths all occurring on rural highways in the province.

The increase in the number of accidents and deaths for June is 8.4 per cent and 12.5 per cent respectively over the same month last year.

The fact that all fatalities last month occurred on rural highways should be a warning to vacationists. The Alberta Safety Council suggests four common-sense rules for all vacation drivers.

Get an early start each day. In this way you get in your full quota of driving before sundown.

Whenever you get sleepy or tired while driving, stop for a rest, or pull off the road and stop for a nap.

ALWAYS—take it easy!

If you want to admire the scenery or other local attractions, stop.

F.U.A. Seeks \$100,000 For New Offices

EDMONTON (BUP) — An appeal for \$100,000 will be launched by the head office of the Farmers' Union of Alberta, Henry Young, president of the union, said here.

The money will be used for the construction of a new head office at 9934 106 St. Although plans are not fully completed, the union hopes to begin construction next year.

The appeal for funds will be made to over 23,000 member groups of the FUA.

Talking On Phone, Woman Stricken

EDMONTON (BUP) — Mrs. F. H. Drayton, about 68, died in Edmonton last week of a heart seizure while she was talking on the telephone.

Mrs. Drayton was the widow of Frank Drayton, former superintendent of the civic relief department, who died in January, 1951.

Born in Toronto, Mrs. Drayton came to Edmonton about 1906. She is survived by two sons.

THINKS QUEBEC HUNTERS KILLED FOR \$1,000, TRINKETS, EQUIPMENT

GASPE, Que.—Provincial police have roped off the area in which the headless bodies of three United States hunters were found while they checked a theory that a murderer tracked them into the woods and killed them for \$1,000 cash.

Unconfirmed reports said a suspect already was in custody.

Dr. Lionel Rioux, coroner said police had a witness "who should know something about this."

The mangled bodies of Eugene Lindsey, 45, his son Richard 17, and Fred Claar, 20, all of Holidaysburg, Pa., were found scattered through rugged bushland some 50 miles from here.

Officials thought at first they had been killed by bears, but disappearance of their valuables and \$1,000 in currency prompted them to investigate the possibility of murder.

The bodies were three miles from their truck, which had a two week supply of food almost untouched. Woodsman said it was doubtful that three men all armed with guns could be struck down by bears.

Solicitor General Antoine Rivard said in Quebec City that "there are so many strange elements a full probe is necessary."

"Before we are able to draw any conclusions we must await the report on another matter which we are investigating but cannot be divulged at this time."

Rioux said the skulls of the dead men had not yet been found.

Mrs. Lindsay says she has no faith in the theory that her husband, or her son were killed by bears.

"I don't for a moment believe bears could have killed three men who were experienced hunters and who had the best of shooting equipment," she said. "My husband left here with almost \$1,000 and many pieces of equipment which have not been found. The truck is stripped, and there is no evidence of wrist watches, binoculars and other equipment they had when they left home."

"My husband wasn't a showoff but he thought nothing of opening his wallet, revealing the bills, if he bought a package of cigarettes. I think somebody followed them into the woods and killed them."

Record lows are set by U.S. bonds prices.

Hail Damage Figures Up

The high figure of half a million acres is being estimated as the total crop destroyed in Alberta during the heavy hailstorms this season.

Only Tuesday was a clearer picture beginning to emerge of the full disaster to growing crops by the terrific thunderstorms of the last week.

Claims for insurance reaching Alberta Hail Insurance Board at Calgary have already exceeded 2,000 this summer, after another 300 were received Tuesday for damage occurring this month.

The storm which lashed a long belt through central Alberta on July 18 from Balzac through Strathmore to the Saskatchewan border was described by farmers as the worst for 40 years.

John and Nick Akkerman, farmers at Strathmore, reported their loss at high as \$35,000 when 940 acres of crops were flattened.

Strathmore school was damaged to the extent of \$10,000 and almost every house in the town of 800 population had roofs or glass smashed.

All the north windows of the Sacred Heart Church were broken while the Legion hall lost eight windows.

2,000 Greet Movie Star

JASPER, Alta. (BUP)—Marilyn Monroe, vivacious Hollywood screen star attracted about 2,000 persons to the CNR station when she arrived here.

Miss Monroe, who will star in 20th Century Fox production "River of No Return," posed for scores of snapshots by amateur and professional photographers.

Almost unnoticed on the same train were Robert Mitchum and Rory Calhoun, who will also star in the production, director Otto Preminger, Mitchum's wife and 16-month-old daughter, and Calhoun's wife.

Each morning, a special train will take the stars, camera crews and technicians and special equipment, to Devona, 21 miles east of Jasper, where the technicolor movie will be filmed.

Lac la Biche Mission News Briefs

Mr. Jean Paul St. Laurent, son of the Prime Minister and Mr. J. M. Dechene were here Saturday visiting the Oblate Fathers. They certainly were welcomed by all. A number of people from the Mission went to Lac la Biche to hear the Liberal candidate speaker.

The people from the various districts are very generous to have helped to cover the outside of the church with the Brick Siding.

George Cloutier has accepted the task of covering the cross with aluminum. It's very dangerous but George will do the work.

Alfred Beaudoin went to Edmonton on a business trip.

Louis and his son were here on business last week.

Mrs. Louise Bourque is back from Edmonton.

young people will be presented for confirmation. The Bishop will then pay a pastoral visit to George Lake at 2:00 p.m. and will be at St. Andrew's (Colinton) at 7:30 in the evening.

The congregation of St. Mark's, Plum Lake, will hold a garden party on Thursday, July 30, in the church grounds.

Mrs. Kip Gravelle and two daughters from Duncan, B.C., are visiting for the summer months with Mrs. Gravelle's sister, Mrs. Cecil McKay.

Mr. Grahber has been ill in Athabasca Hospital.

Another resident of Vincent district, Mr. R. Delancey, has been in hospital and is now home again.

Mrs. Blair has had her mother visiting with her. The Blairs motored to Edmonton during Exhibition week where Mrs. Blair's mother returned by train in her home in the States.

Rochester News Briefs

The Juvenile ball team for the first time this season defeated Colinton in the first play-off game. The game was played at Colinton on Thursday, July 9. The score was 7-5.

Visitors from Edmonton for the week-end were Mr. and Mrs. P. Oko, Mr. and Mrs. A. Betts, Mr. and Mrs. A. Baker and Mr. L. Turner.

Miss Jean Anderson is now employed at Super Lunch in Edmonton.

The ball game, which was the second game of the play-offs, was played at Perryvale. Perryvale was victorious over Rochester. The score was 3-2. The next game will be played at Athabasca.

In the first play-off of the Juvenile team, Rochester was victorious over Colinton. The score was 7-5. The game was played at Colinton on July 9.

Simple Fair Rules Promote Easy Entry

ATHABASCA—With twenty-five hundred dollars in prize list up for competition, the Athabasca and District Agricultural Society has come up with very good reason for farmers in the MD to make entry. And to help in promoting the number of entrants to the fair the executive of the Society have gone all out. In the simple rules and regulations laid down, it is easy for all interested parties to make entry; there are classes for every member of the family and the conditions of qualification are exceptionally easy. These rules and regulations are as follow:

Rules and Regulations

1. All exhibitors must be paid-up members of the Athabasca District Agricultural Society. One dollar membership for head of family covers all dependent members of the family.
2. Only one entry can be made in any one section by an exhibitor.
3. All articles must be owned by and the work of the exhibitor.
4. No article that had won a prize in a previous show of this Society can be entered again.
5. No premiums will be awarded unless article is deemed worthy.
6. No soiled or unfinished article will be accepted or entered for premiums by the superintendent in charge.
7. Articles on exhibition cannot be moved until close of the fair, except by written permission of the secretary.
8. All prize cards affixed by judges must remain until close of the fair.
9. Containers for cut flowers must be of clear glass and furnished by the exhibitor. Milk bottles or jars will do.
10. All canning will be tested for sealing, and jellies and jams will be opened.
11. All articles must be in place by 12:00 noon, August 6.
12. All articles must be in by August 5. Mail your entries to the secretary, or assistant secretary.
13. Please note:
 - (a) Head your Prize List carefully;
 - (b) Please read the "Special

List? carefully too.
(c) Do not scrub vegetables. Just wipe tenderly. Skin must not be broken.

14. Exhibits for the purpose of added attractions will be greatly appreciated, and will

Be prepared for an ALL-CROP harvest

No waiting for neighbors... no hiring a custom machine... no extra harvest crew. With your own All-Crop harvester, you can handle the job alone, when your crop is ready.

Look at these features:

ALL-RUBBER SHELLING CONTACTS reduce crackage of beans, seeds and grain.

FULL-WIDTH SPIRAL BAR CYLINDER — same width as the header. Puts crop through without bunching or chopping.

AIR BLAST SEPARATION plus oversize threshing rear saves more grain, even in long, heavy straw crops.

SAW TOOTH WIND CONTROL VALVES mean better cleaning and saving of light seeds over cleaning shoe.

The All-Crop handles more than 100 different kinds of grains, seeds and beans. Let's talk about an All-Crop for your harvest.

Athabasca Fair Slated August 6 Draws Large Number Of Entries

ATHABASCA—Proof of the growing interest in agricultural services throughout the Municipal District of Athabasca, is the increasing importance attached to the fairs and exhibits sponsored by the Athabasca and District Agricultural Society.

The fair, slated for August 6, will be the first of its kind. This fair will be the merging of the annual stock show and the annual bench show. The stock show was usually held in Athabasca, while the bench show has alternated between Meenook and Perryvale.

Though the executive of the Agricultural Society desired to hold the various sections of the fair at the different centres, the disadvantages of such a policy were such as to limit the amount of interest of the various exhibitors. With the trend to larger fairs throughout the country, the system now proposed should attract the whole family, for there are classes of exhibits for every member of the family. Exhibits will be entered in classes for stock, farm produce, such as vegetables, there will be a flower exhibit, a handicraft display, and certain provincial and dominion government departments will be presenting displays. One display, sure to be of interest, will be "Machinery Row," which will feature all the latest and best in farm equipment. The Stock Show, which has drawn a great deal of interest

from outside the Municipal District, has grown tremendously in importance and this year's show is slated to be even more outstanding with some of Northern Alberta's top breeders exhibiting. Some of the stock entries will be made by Shopland and Son, of Rochester, who will exhibit among their animals the bull they purchased in Eastern Canada at \$2,000.

Garfield Ivey and Son of Ells-cott will most certainly enter the young bull they purchased from the Namao farm of the Hon. David Ure. Parson Brothers of Boyle, Wilfred Flack and Son of Colinton, and Ehre and Son of Athabasca are just a few of the excellent recognized breeders who

will be represented.

Judging the cattle will be Mr. H. Buyers, a farmer and secretary of the Northern Alberta Shorthorn Club who will judge the Shorthorns; Mr. S. Lore, District Agriculturist of Athabasca who will judge the Hereford and Aberdeen Angus; and Mr. J. Kerns, District Agriculturist and instructor in livestock and farm management at the Vermilion School of Agriculture.

The judges in the ladies' sections of the fair will be in the competent hands of Misses McCutcheon and McIntyre of the Vermilion School of Agriculture. Activities at the fair will get underway early. Judging will begin at 10:00 o'clock in the morning, and for this reason all are asked to turn out early.

New Warehouse Planned

EDMONTON—Western Vinegars Ltd. were awarded a \$150,000 building permit for the construction of a manufacturing building in East Edmonton.

More Unemployed When Schools Close

EDMONTON (BUP)—The number of jobless persons in the Edmonton area has increased sharply as a result of summer vacation last week, compared with 806 the for school students, the National

Employment Service says.

At the close of last week, 2,528 persons were registered nearly 100 more than the previous week. To further aggravate the situation, only 457 placements were made last week, compared with 806 the for school students, the National
